

Kent - Bike-N-Brainstorm - April 20

1. Please describe your experience on the ride.

It was great to see so many people show up for this ride, in the cold!! I learned about a few new trails as well!

It's good to hear ideas + concerns for bikers.

2. Please rate the functionality and comfort of the existing bike infrastructure on the routes we rode. Ratings of "1" being non-functional and least comfortable to "5" being very functional and comfortable to use. (Please circle one choice.)
